Media Alert

Chamberlin completes 94 mile run through South Bend's Fourth District

For Immediate Release

November 2, 2011

South Bend Common Council District Four candidate Kyle Chamberlin (Independent) will complete the final run of his SB4g Tour on Saturday (November 5) at 9:00 a.m. at the intersection of LaSalle and Greenlawn Avenues (near McKinley School). The candidate is able to work with interested media parties to coordinate the timing of his arrival at the finish line with live morning show coverage.

Chamberlin began a quest to run down every residential block in District Four in December, 2010. This Saturday's final run will bring his total distance traveled on foot to 94.5 miles. A map tracking Chamberlin's route is available at: <http://www.kylechamberlin.com/districttour.html>.

"Elected officials must be acutely familiar with the neighborhoods they represent," said Chamberlin. While I travel some District Four streets daily, there were a few quiet cul-de-sacs I had never previously visited. Each block of our city has unique assets and challenges, and the SB4g Tour helped me discover what makes your neighborhood special as well as how it can be improved."
